Grecale
GENUINE ACCESSORIES

Let exceptional enter your everyday with the sweeping performance of the all-new Grecale SUV. Designed for effortless travel and everyday adventures, the Grecale Genuine Accessories range enhances your vehicle's beauty and functionality while tackling the road in any occasion and at any time.

TOWBAR MOUNTED BICYCLE CARRIER

Compact, light and easy to use, the Towbar Mounted Bicycle Carrier lets you load up to three bikes and transport them securely. This component attaches to the tow hook and is equipped with a pedal to tilt the bikes outwards so that the luggage compartment can be opened easily.

TRAILER HITCH

The Trailer Hitch activates the intelligent towing capabilities of your Grecale: trailer sway mitigation for improved stability, clutch calibration to control your oil temperature during uphill stretches, and all the systems that maximise your vehicle's performance and safety, even in extreme conditions.

ROOF RAILS & CROSS BARS

The Roof Rails act as the connection point for the Roof Cross Bars, the key to preparing the vehicle for your adventurous travels. If you didn't originally configure your Grecale with Roof Rails, they can be retro-fitted.

Roof Cross Bars are an essential element for installing the right equipment for trips and sports outings, with a low profile which stays close to the car roof: Roof Boxes, Ski Carrier, Bike Carrier. The bars are made of aluminium and the rail anchoring system is fast and simple.

ROOF BICYCLE CARRIER

The Roof Bicycle Carrier can be attached to the roof bars, and is extremely practical and lightweight, enabling a bike to be transported quickly and safely, without any risk of damaging the car or the equipment. The special system design keeps the bike in position through three locking devices: one on the frame, equipped with a padded clamp, and two on the wheels, with an adjustable diagonal quickrelease strap.

ROOF SKI & SNOWBOARD CARRIER

The Roof Mounted Ski & Snowboard Carrier makes loading and unloading easy, and does not force you to stretch to reach the top of the roof, letting you slide the equipment towards the outside. Opening is made easy thanks to large buttons, which can even be operated while wearing gloves, whereas the surface of the bars is padded to avoid damage to the equipment. Made of aluminium and featuring an aerodynamic design, the system can carry up to 6 pairs of skis or 4 snowboards, and is equipped with a lock.

OUTDOOR CAR COVER

The Outdoor Car Cover protects the car from dust, scratches and weathering, and at the same time enhances the daring yet harmonious lines of the Grecale. Waterproof, breathable and elastic, the cover features a minimalist design, customised with contrasting design cues on the headlights and side vents, and embellished with the wording "Maserati" on the rear.

ALL-SEASON FLOOR MATS WITH EDGE

The All-Season Floor Mats with Edge are the perfect item to protect the car interior and keep it intact over time. Made of waterproof and non-slip rubber, the floor mats effectively shield the interior from water, mud, sand and any other external agents.

COURTESY LIGHT WITH LOGO

Customize your Maserati with a touch of exclusivity with specifically designed Courtesy Lights with Logo, to emphasize the elegant and sporty soul of your Maserati, leaving a distinctive sign when getting out of the car.

TIME

Smart Gate
Remote
Control

SMART GATE REMOTE CONTROL

The Smart Gate Remote Control is an electronic device that allows a maximum of 10 people to remotely control up to 4 gates, thanks to the dedicated "MaseratiSRGC" smartphone app.

KICK SENSOR RETROFIT KIT

Thanks to a sensor positioned under the rear vehicle bumper, the Kick Function controls the automatic opening and closing of the luggage compartment door by detecting a simple foot movement.

Net

Luggage
Compartment
Rails

LUGGAGE COMPARTMENT ADAPTIVE DIVIDER

The Luggage Compartment Adaptive Divider is the easy way to organise your packing and secure your luggage for a smooth ride. The divider slides on the Luggage Compartment Rails and fixes sturdily across the compartment at any point. Strong securing straps anchor your luggage to avoid sliding, with a quick release mechanism for fast unloading.

LUGGAGE COMPARTMENT NET

The stability of the items in the luggage compartment when travelling is fundamental for safe and relaxed driving. The Luggage Compartment Net is a simple and very effective accessory which, thanks to its double layer, enables small and medium-sized objects to be secured. The net is fastened using four hooks located in the corners of the luggage compartment floor, or via eyelets in the rails on the luggage compartment floor (optional).

LUGGAGE COMPARTMENT RAILS

If you didn't originally configure your Grecale with Luggage Compartment Rails, they can be easily retrofitted. They provide moveable connection points for anchoring your luggage, and allow you to use the Luggage Compartment Adaptive Divider to organise the compartment. Because they are recessed into the floor of the luggage compartment, they don't reduce its capacity or compromise its look.

Mat Full Version

Luggage
Compartment
Mat Rails Version

LUGGAGE COMPARTMENT MAT RAILS VERSION

Designed specifically for vehicles equipped with rails on the load platform, the Luggage Compartment Mat Rails Version makes the luggage compartment stylish while maintaining practicality. The waterproof and washable thermoplastic is enhanced by a herringbone pattern with the Maserati logo in the middle, and protects the luggage compartment from dirt, water and wear.

LUGGAGE COMPARTMENT MAT FULL VERSION

Shaped as a perfect fit for the loading platform in the luggage compartment, the Luggage Compartment Mat protects the car's interior from water, dust, and wear and tear. The raised edge and the washable, waterproof polyethylene material keeps the boot in tip-top condition, in a practical and functional way. The surface features a herringbone pattern, punctuated by the Maserati logo in the middle of the mat.

ROOFBOX LIFT AND LOAD SYSTEM

The Roof Box Lift & Load system makes it easy to pack up your gear and set off whenever the impulse strikes. The system secures the Roof Box to the garage ceiling and lowers it easily into place on the car roof.

ROOF BOXES

410 L / 460 L

Comfort and well-being have always gone hand in hand with class and style on-board a Maserati. A prerequisite that also holds for the countless loading solutions available for the Grecale, such as the spacious Roof Box, which features a sleek design optimised to blend style and space. Lightweight and aerodynamic, the box is available in two volumes, 410 and 460 litres, dramatically increasing the loading capacity of the vehicle. The box has a double opening system which simplifies loading and unloading under any conditions.

CHILDSEATS

Designed for your smaller passengers, the Maserati Childseats are based on the quality, design and passion typical of the brand's style. Conceived to fit perfectly into your Maserati, these childseats are available in two configurations: Group 0/4y (from birth up to about 4 years) and Group 15m/12y (from 15 months to 12 years), approved to the UN R129/00 and R129/03 standards respectively. Crafted from breathable fabric with memory foam inserts, both seats are customised with the Trident logo on the headrest and "Maserati" on the safety belt shoulder straps. They come complete with an ISOFIX base. Restrictions may apply to specific markets. Ask your dealer for more information.

GR. 0/4 YEARS

The Group 0/4y version features a 360° rotation function that makes it easy to sit the child in the car and use the seat both in both a front-facing and rear-facing position. The indicators on the ISOFIX base and the lever at the front make operating the seat functions easy.

GR. 15 MONTHS/12 YEARS

The Group 15m/12y version features an innovative and exclusive sound system built into in the headrest, allowing small passengers to enjoy the journey while listening to their own music with a safe, protected posture.

ICE VERSION

INDOOR CAR COVERS

The indoor Car Cover features a repetition of the logo to form an iconic pattern, enriched by the white Trident on the bonnet and the wording “Grecale” on the sides.

The breathable two-way stretch material - lined with a soft fleece fabric - makes for the perfect fit, enhancing the Grecale’s bold style even when it is covered up in the garage.

MHEV VERSION

WHEEL RIMS

Each wheel of the Grecale is a small masterpiece: perfectly balanced, technologically advanced and impeccable in design.

Security
Stud Bolt Kit

Protective Films

SECURITY STUD BOLT KIT

The special Security Stud Bolts make the vehicle more secure against the risk of wheel rim theft, as the wheels may be fitted and removed only using the special wrench provided in the kit. The stud head features a special design that combines an appealing look with the greatest functionality.

PROTECTIVE FILMS

Available in matte or glossy version, the Protective Films equip you to tackle the most difficult off-road terrain without fear of damaging the bodywork. Perfectly transparent and made to measure, they can be easily removed with water without leaving any traces. The basic kit covers the rear wheel arch moulding and the side skirt. The extended kit covers the front and rear wheel arch moulding, the side skirt, the bonnet and part of the rear bumper.

EMERGENCY KIT

The Emergency Kit contains everything needed to stay safe at the roadside. Coming in an elegant black case embellished with the Maserati Logo, it fits into the luggage compartment.

The kit includes: Hazard triangle, Reflective vest, First aid kit, Gloves, Ice scraper. The items in the kit may vary from country to country.

ASHTRAY

An ashtray with an unmistakable design, in black Pasubio leather with tone-on-tone stitching and aluminium lid with magnetic opening, embellished with the Trident and design cues reminiscent of the car's interior. It fits perfectly into the car's cup holder, so it can be emptied at any time. It is also possible to install a 12V socket and a cigarette lighter.

BATTERY CHARGER & MAINTAINER

A compact and user-friendly device, the Battery Charger & Maintainer keeps the charge level of your car battery always in optimal condition, between 95 and 100%, and charges it when required. The device does not need to be programmed: just connect the car battery to a standard power socket, and you may leave it connected for several months without any risk of damage to the vehicle.

BRANDED VALVE CAPS

No detail is too small to be highlighted. Available in three colour variants (black with silver Trident, black with red Trident, silver with blue Trident), the Branded Valve Cap Kit is distinguished by the iconic Trident logo at the centre.
